United International University

HIGHER SECONDARY CERTIFICATE (H.S.C)

2010 - 2012
Queen's College

EXPERIENCE

Head of Engineering - Empire Pixel

Montreal, Quebec (Remote) - 11/2022 – Present

- Designed and implemented a new feature that increased overall system efficiency by 30%.
- Collaborated with cross-functional teams to create and launch a new mobile application, resulting in a 50% increase in user engagement.
- Developed and maintained a complex web application with over 10,000 daily active users, ensuring uptime and minimizing downtime.
- Improved code quality and maintainability by implementing automated testing and continuous integration, reducing bug reports by 40%.

Technical Lead - Empire Pixel

Montreal, Quebec (Remote) - 09/2021 – 10/2022

Back End Developer - Empire Pixel

Montreal, Quebec (Remote) - 07/2020 – 09/2021

Software Developer - wOOw BD

Dhaka, Bangladesh - 04/2020 – 06/2020

- Utilized my strong coding skills and in-depth understanding of technology to create custom software solutions tailored to meet client needs.
- Collaborated closely with clients to gather requirements, analyze business processes, and translate them into functional software solutions.

Software Developer - Digidot LTD

Dhaka, Bangladesh - 01/2019 – 03/2020

- Collaborated with clients to understand business requirements and created custom WordPress themes and plugins to align with their brand identity.
- Developed visually appealing and functional themes that ensured compatibility and responsiveness across devices and browsers.

Software Developer - STO estrategias on line

Quito, Ecuador (Remote) - 06/2017 – 12/2018

- Utilized Bootstrap framework to implement responsive design principles.
- Created visually appealing and mobile-friendly web pages.
- Developed reusable components using Angular 7 for efficient code reuse.
- Ensured seamless user experience across different devices.
