## Work Experience

### **Lagom Agency 03.03.2015 - Present**

A digital media agency that provides services in digital marketing activities such as social media content management and media buying for our clients. I develop custom web and mobile applications for their customers.

During my time at the company, I have developed software in various categories, including:

- E-commerce websites and mobile applications
- Internal communication CRM (web and mobile)
- Appointment management CRM
- Social media applications (web and mobile)
- Order tracking applications (web and mobile)

### **Freelance 01.01.2013 - 03.03.2015**

During my time working in the export industry, I utilized my spare time to create websites for various companies. Additionally, I pursued my hobby of web design and recorded lessons, reaching over 10,000 students from more than 130 countries.

### **Central Park Tourist Guide, NY, USA**

**30.05.2009 - 15.10.2009**

While studying as a student in New York City, I had the opportunity to temporarily work as a tourist guide, which helped me advance my English skills.

## Education

### **Universidad Pablo de Olavida de Sevilla, İspanya 25.02 - 30.06 2011**

Faculty of Economics & Management Sciences

### **Varna Technical University - Varna, Bulgaria 2006 - 2011**

Industrial Management Engineering
