ABOUT ME

With over 6 years of experience in architecture and design, I have contributed to a diverse range of projects including hotels, industrial buildings, residential buildings, and over 300 villa projects. Proficient in both 2D and 3D design, I specialize in shaping architectural forms and spaces using softwares such as Revit, AutoCAD, Sketchup and Enscape. My expertise in Revit enables me to provide invaluable services in project development, ensuring efficient collaboration and accurate documentation.

As a highly motivated individual and collaborative team member, I prioritize staying focused and completing tasks efficiently to deliver exceptional results.

EXPERIENCE

MANAGER/ARCHITECT

Nova Solar / (February 2024 - Now) / Tirana

As a Manager and Architect at a solar panels company, I create project drawings, handle municipal applications, and coordinate work between the office and on-site teams. I also oversee on-site projects and engage with clients to promote our solar solutions.

ARCHITECT

Atelier 4 / (September 2023 - February 2024) / Tirana

Contributed to five residential building projects, primarily focusing on site planning and architectural design using Revit software. Collaborated with senior architects to translate design concepts into practical solutions, ensuring project efficiency and client satisfaction.

ARCHITECT

U.V.O. Design / (April 2022- September 2023) / Tirana

Engaged in diverse projects for Italian architectural studios, offering services such as BMS, GAS, De.ales, and WMF. Contributed to visualization and rendering for a residential building project in Milan.

Worked on the restoration of Hotel Minerva in Rome. Utilized Revit software in three distinct projects.

ARCHITECT / DRAFTER

OneDesign - Building Office Backup / (February 2020- April 2022) / Tirana

Engaged in home projects spanning 1-2 floors, with a workload of 3-4 projects weekly. Utilized AutoCAD and Sketchup to meet Victoria state and regional guidelines. Ensured each project adhered to client specifications and state norms before approval by the building council. Designed both external and internal spaces and elevations, ensuring compliance with site survey predictions and regional building regulations.

TECHNICAL DESIGNER/DIRECTOR

Sunballast/Hitweb / (September 2018 – February 2020) / Tirana

Led a team in Tirana responsible for addressing various installation requests. Oversaw quality control measures for team members and formulated optimal economic solutions based on wind calculations and structural loads at installation sites.

DESIGNER

Formbags SPA / (February 2018 – September 2018) / Tirana

Served as a Plastic Bags Designer for 8 months. Responsibilities included creating technical drawings of plastic bags and preparing them for printing. Collaborated with production teams to ensure designs met quality standards and printing specifications.
